Needs £1,225

Wants £645

Budget progress / Recent activity

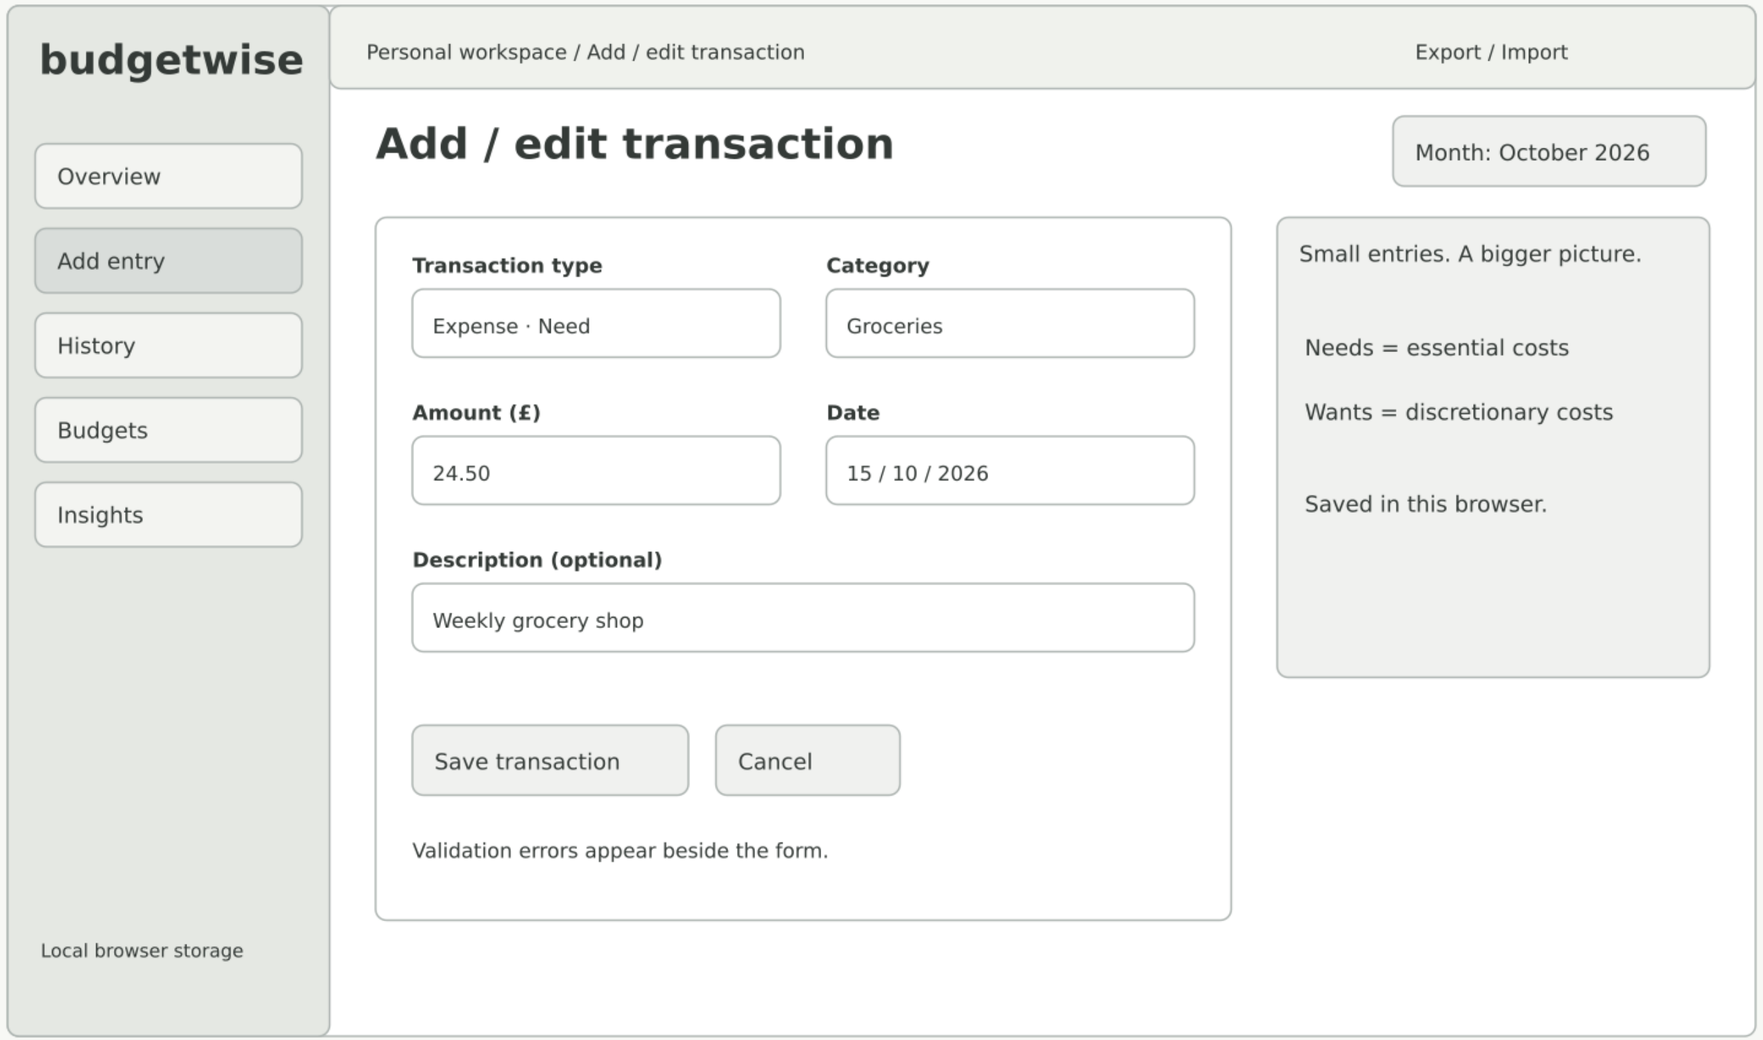

INTERACTION & ACCESSIBILITY NOTES

1. Summary cards show income, expenses and remaining balance.
2. Needs / Wants chart includes exact numerical values.
3. Recent activity links to the complete transaction history.

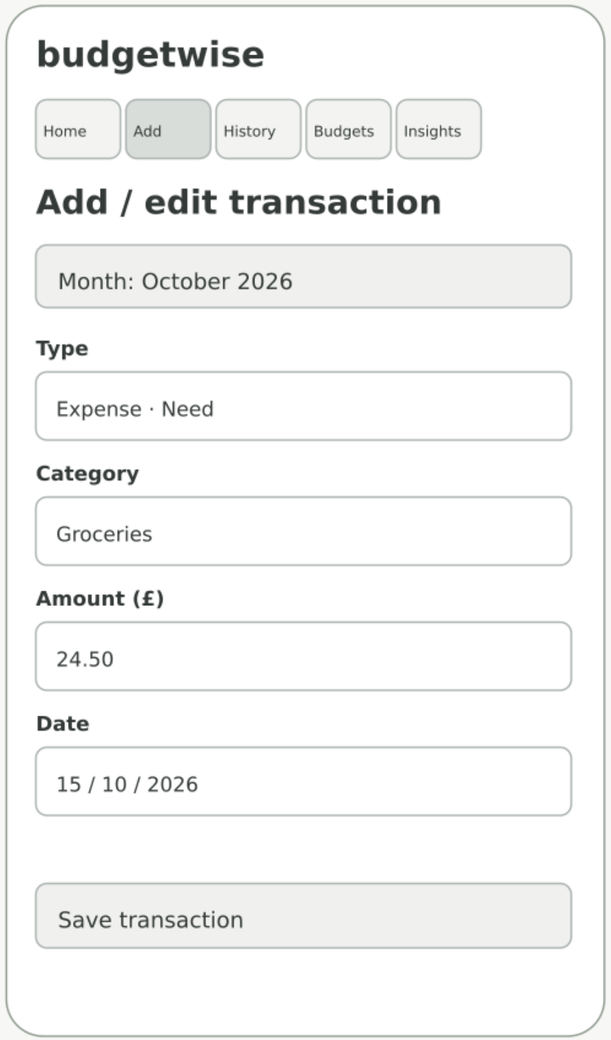

02 Add / edit transaction

Low-fidelity wireframes · desktop and mobile · editable SVG originals included

DESKTOP

MOBILE

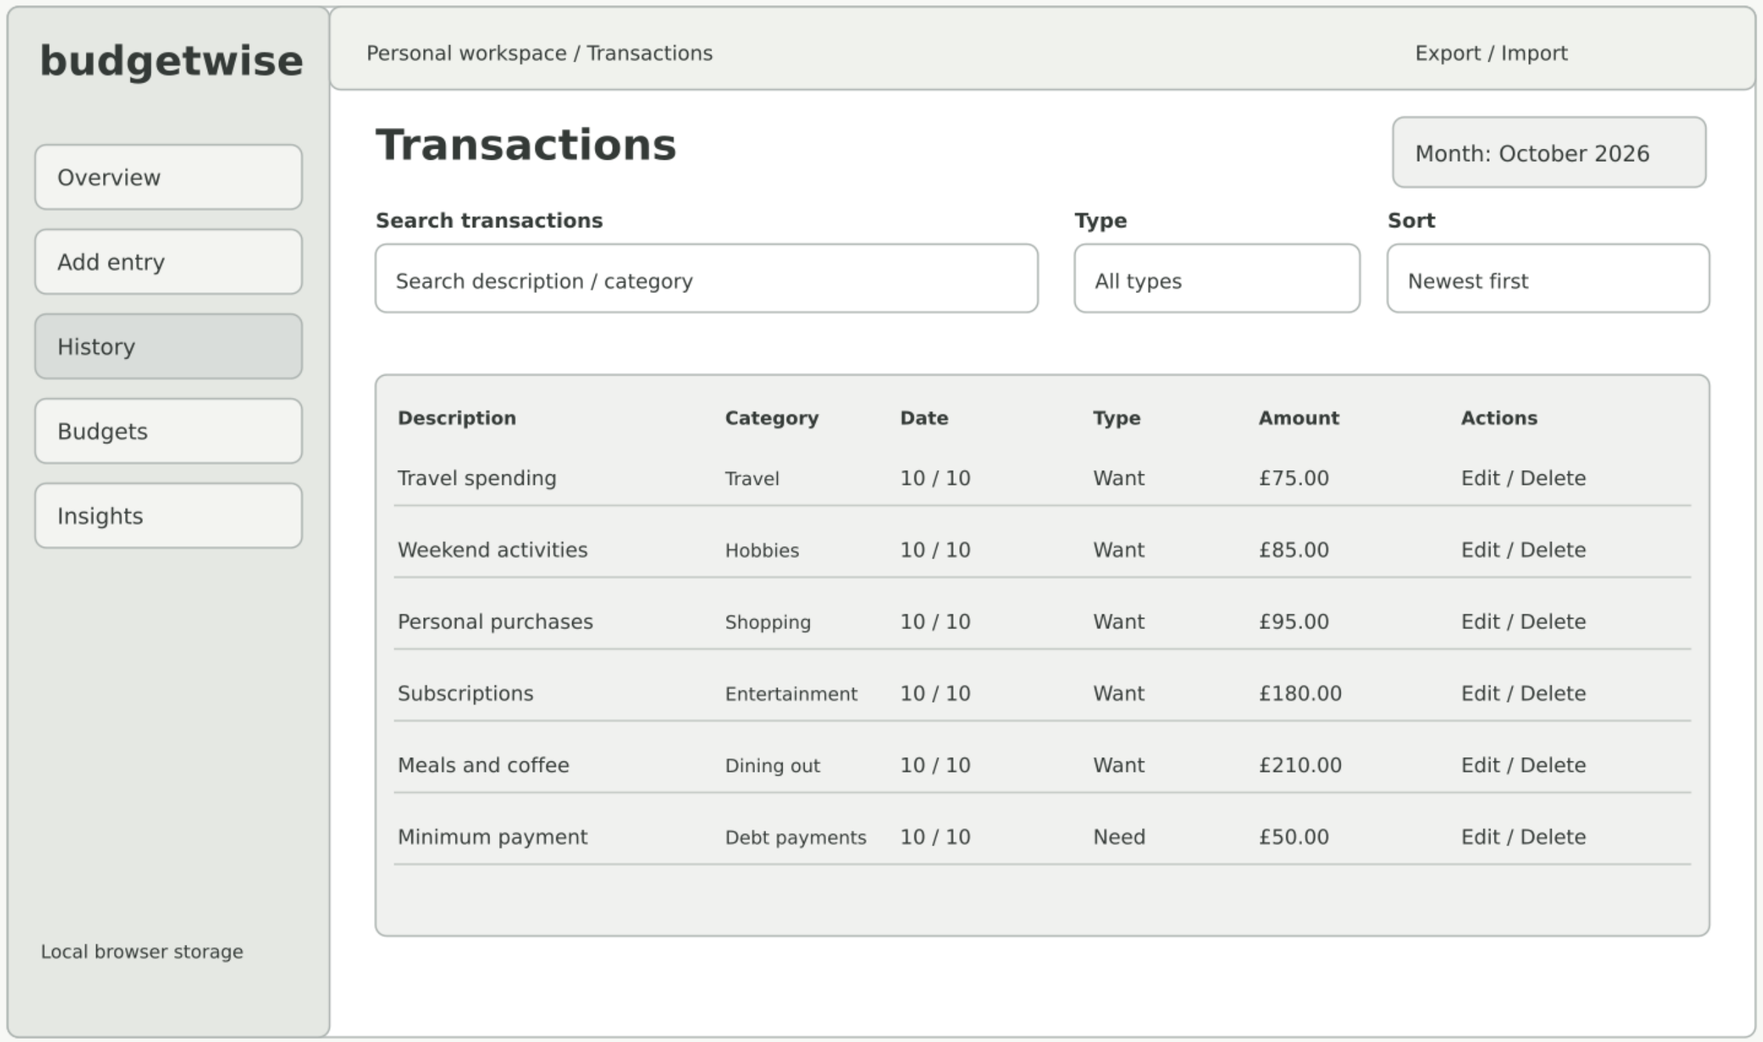

INTERACTION & ACCESSIBILITY NOTES

1. Required: transaction type, category, positive amount and valid date.
2. Category choices follow the selected transaction type.
3. Save returns to history; edit uses the same form.

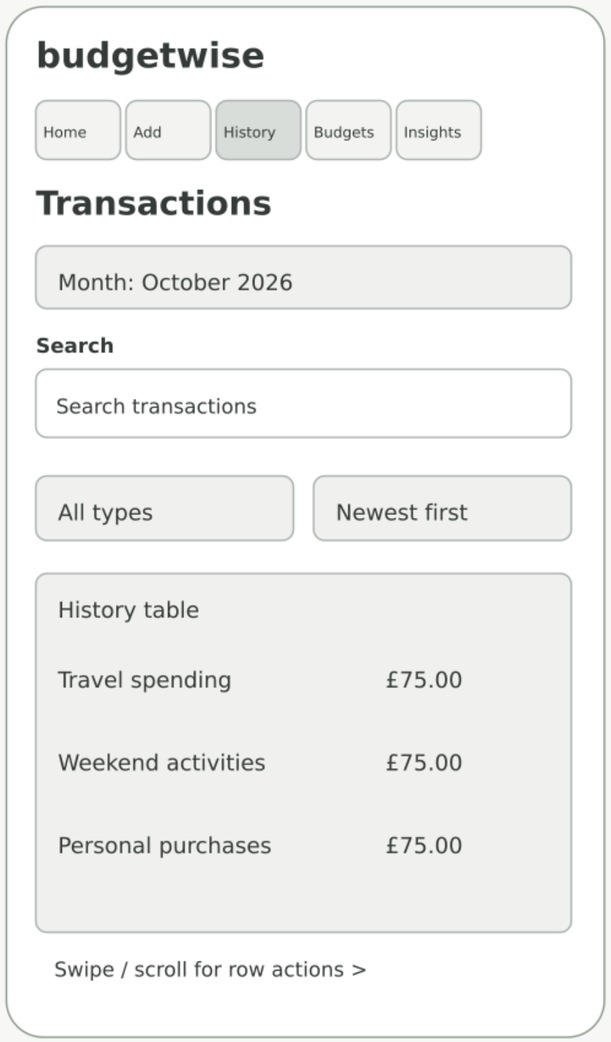

03 Transactions

Low-fidelity wireframes · desktop and mobile · editable SVG originals included

DESKTOP

MOBILE

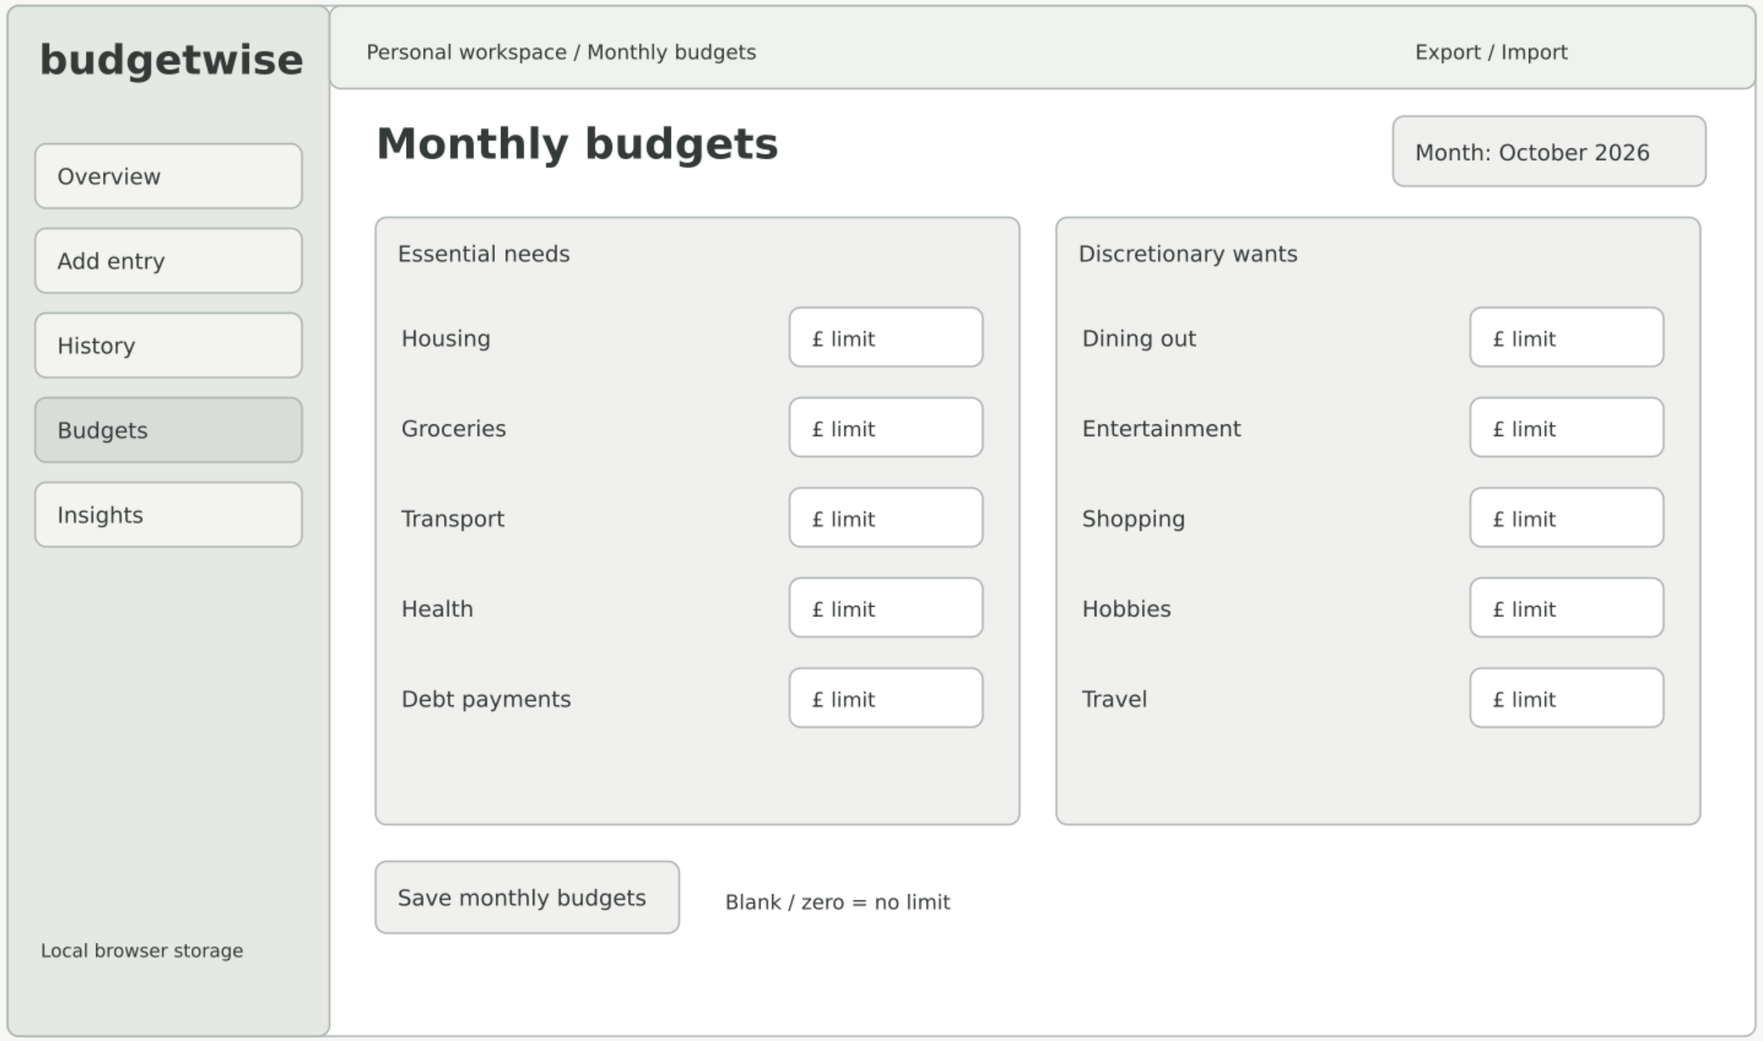

INTERACTION & ACCESSIBILITY NOTES

1. Search and filters operate on the selected month.
2. Edit opens the populated entry form; delete asks for confirmation.
3. Small screens use horizontal scrolling for detailed rows.

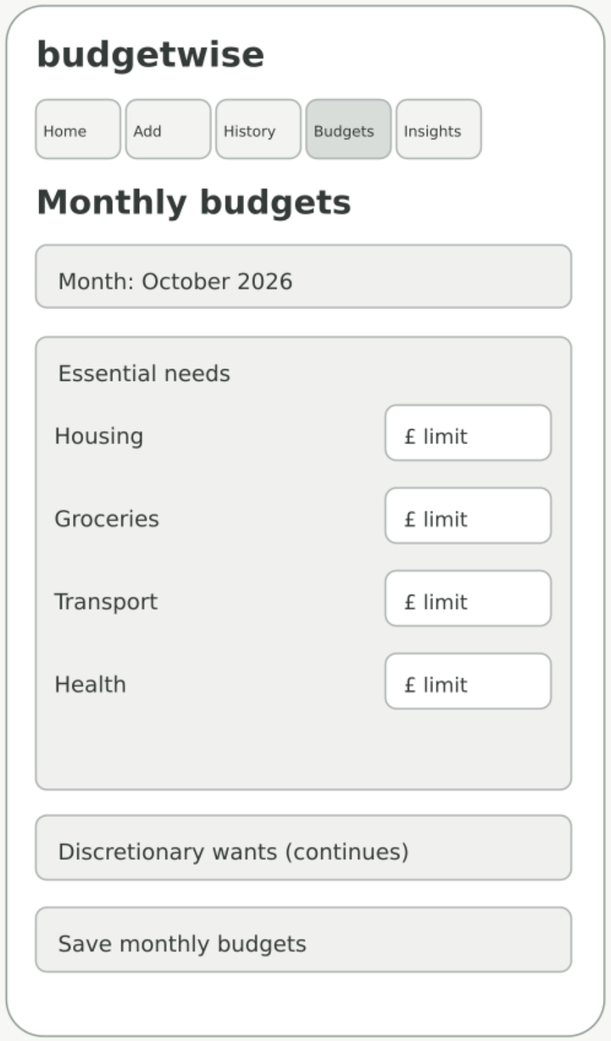

04 Monthly budgets

Low-fidelity wireframes · desktop and mobile · editable SVG originals included

DESKTOP

MOBILE

INTERACTION & ACCESSIBILITY NOTES

1. Each month has its own category limits.
2. Blank or zero means no limit; no automatic financial advice.
3. After saving, progress compares category spending with limits.

Category breakdown table

INTERACTION & ACCESSIBILITY NOTES

1. Spending mix and category totals use the same calculation functions.
2. Percent of income spent is distinct from percent of expenses.
3. A data table accompanies charts; no environmental score is implied.
